

Hi CANDIDATE NAME,

The Board of Examiners has completed its final review of your file and I'm pleased to inform you that your registration is granted – you have met the requirements for registration and are eligible to become a practicing member of the ANSLs.

Please note that your registration is subject to terms, conditions, or restrictions as permitted by law. Therefore, before you can be added to the active member roster and hence be able to officially practice you will need to complete the attached liability insurance form. In addition, you will also need to provide us with your full membership fee (prorated) – we will send you an invoice for this once you are sworn in.

As I previously mentioned we usually have the swearing in at our office in Dartmouth. Can you please let me know your availability for INSERT DATE alternatively if you are unable to travel to Dartmouth we can make arrangements for you to be sworn in virtually. Just let me know your preference.

Looking forward to hearing back from you!

Cheers, Simeon
